EMERGENCY OPERATIONS PLAN

Revised May 2022

PURPOSE

The purpose of this plan is to provide for quick and effective actions to preserve life and reduce injuries whenever an emergency arises. Accidents at play, natural or man-made disasters and more emergencies can arise at any time and it's imperative that the children and staff of YACTA's TEAM be protected.

SITUATION AND ASSUMPTIONS

From 2:30 to 6 PM every day that K-8 is in session at South Western School district (SWSD), TEAM will be operating in the cafeteria of Emory H. Markle Middle School (EHMMS). For the first hour, until approximately 3:30 PM, EHMMS will be staffed as usual for a school day. After 3:30 PM, most students are gone, and the staff will be leaving as well. TEAM cannot assume that normal staff, other than janitorial, is in the building after 3:30. In addition to the cafeteria, TEAM will utilize the tennis facility located just behind EHMMS, as well as the restrooms located just outside of the cafeteria. The cafeteria is a large open room and a main entrance which leads directly to the building's main entrance in the front. Access to the cafeteria kitchens will not be available.

Children participating in TEAM will only ever be in the cafeteria, in one of the restrooms across from the cafeteria, playing in the designated play area outside behind EHMMS, or in the tennis facility behind EHMMS. Staff should be with all children at all times. There is a plan for restroom breaks so that the children do not feel a need to visit the restroom on their own.

TEAM will have a minimum of 2 adults present at all times, plus shall have an immediately accessible emergency kit. EHMMS has an Automatic Emergency Defibrillation (AED) kit available right outside the door to the cafeteria and YACTA has an AED right inside the door to the tennis center which are both within easy access for TEAM staff. TEAM staff members shall carry a cell phone at all times. Located in the emergency operations binder shall be a complete list of parent telephone numbers and emails, in the case that TEAM has to shut down operations early.

RESPONSIBILITIES

It is the responsibility of TEAM's program Director or Group Supervisor to be familiar with all aspects of this plan, and to train personnel on it. In addition, the Director or Group Supervisor will ensure that the following items, comprising TEAM's emergency kit, are immediately available to TEAM staff at all times:

- A TEAM first aid kit
- A working cell phone
- A device capable of bringing up the Internet
- Checklists for emergencies
- TEAM parent telephone numbers and email addresses
- TEAM participant attendance list

TEAM staff members shall also be familiar with this plan and its checklists and capable of enacting any portion thereof without the presence of the Director if the need arises.

YACTA's executive board shall review this plan annually and certify that it is comprehensive and complete. In addition, YACTA shall share this plan with EHMMS officials and others of SWSD.

TEAM personnel shall be prepared to follow all checklists as written. The overriding concern is the safety of TEAM participants, and of the staff.

DISASTERS COVERED

The following are the emergencies which may arise while TEAM is in operation. These will each be covered by a separate checklist. Keep the checklists in a place where everyone is able to access easily, and keep it with you as you handle the emergency.

Medical Emergency

Injury

Death

Lockdown

Hostage Situation

Bomb Threat

Severe Weather

Tornado

Snow/Ice

Gas Leak

Fire

Flooding in School

Note that each checklist is designed to be done in a certain order. In the excitement of handling an emergency, the sequence of things can be very important. As each step of the checklist is completed, mark the "TIME COMPLETED" column with either the time it is done, or an "N/A" for "not applicable." This information will help to keep everyone apprised as to what has been accomplished and when, and will be invaluable afterward in the accomplishment of the Incident Report and other documents.

Unless absent, the TEAM director or Group Supervisor will take the lead in handling any emergency. Staff members will assist to the point of suspending normal activities for TEAM children if the situation warrants it. Staff members must ensure they are available to the director at all times in order to assist in handling any emergencies, and do whatever is instructed as quickly as is practical.

Some responses call for the TEAM program to be relocated to a designated area. In the event of a tornado or intruder the large storage closet in the hallway around to the left of the cafeteria (when facing the cafeteria from outside) will be used if it is safe to move children to that location. If needing to stay inside the cafeteria the children and staff will be seated against the wall on the floor in the very right corner where the sinks are located. This is the least visible area from any windows. The close proximity **designated area** shall be under the awning in front of the high school's main entrance or if needing to be inside the high school cafeteria. If needing to be inside a structure the second close proximity area will be the YACTA Indoor Tennis and Pickleball facility. If needing to be a distance greater than one half mile the designated area shall be Baresville elementary school and the method of transportation to the school will be on foot. When necessary, ensure the group moves together and quickly. The evacuation routes and plans will follow the South Western School district guidelines and emergency responder guidelines, see exhibit A.

Some of the actions require notifying SWSD. The numbers are on all checklists. The TEAM Director, or person in charge, shall determine whom to notify and proceed accordingly.

MEDICAL EMERGENCY CHECKLIST

Use this checklist when you either see a medical emergency arise, or come upon someone who appears to be suffering in some manner.

ACTION	TIME COMPLETED
Ensure the area around the person is safe for your approach.	
Notify another TEAM staff member, and ask them to call 911, if warranted.	
Keep children in a different area of the cafeteria. If occurrence is in the tennis facility, return to EHMMS with the children.	
Tap him/her and call out to them to see if responsive.	
If yes, ask them to describe what is wrong.	
If the person is non-responsive, check for breathing.	
If no breathing is detected, start CPR and ask for an AED to be brought.	
If the person is breathing, but non-responsive, check emergency health form to see if a condition exists, such as diabetes, and try to ascertain if this is it. Treat accordingly.	
Treat anything that is obvious, like a cut or other injury.	
Ensure someone stays with individual and continues treatment as appropriate.	
When emergency personnel arrive, let them take over, and be ready to detail all that has been done to that point.	
CALMLY notify parents each by cell phone using emergency contact form, and let them know their child needs to be picked up as soon as possible or is on the way to the hospital if they are the injured party.	
Once the emergency is over, reassure remaining children, repeating as necessary.

BOMB THREAT CHECKLIST

Use this checklist when you receive any type of bomb threat or are notified of a threat in the building by school personnel. Take each one seriously. Much of the checklist deals with keeping a bomb threat caller on the line. This is so the call can be traced if you can keep the line open. Stay with the children at all times and NEVER attempt to be a hero. Wait on trained responders.

ACTION	TIME COMPLETED
Assuming the threat is phoned in, get another staff member's attention immediately.	
Without the caller being aware you're doing it, let the staff member know the situation, and tell them to call 911.	
Should school personnel notify you of a bomb threat move toward evacuation procedures listed	
Evacuate children and staff to the designated area (1 st the High School, if needed to be more than one mile to Baresville Elementary). Ensure TEAM's emergency kit goes with you.	
If taking the call yourself take note of anything which can help identify the caller: background noises, accent, key phrases, etc.	
Ask questions: where is the bomb, what kind is it, when will it go off, how can it be deactivated, did you make it, where did you get it, why did you get one, etc.	
Obey whatever responders tell you to do, evacuating to location 1, 2 or 3.	
If given the all clear by trained responders, then resume operations.	
Once safely at new location begin to notify by cell phone using emergency contact form, all parents of the relocation and where they need to pick up their children.	
Once the emergency is over, reassure children, repeating as necessary	
Fill out Incident report using this checklist to detail what took place and when and in what order.

SEVERE WEATHER CHECKLIST

Use this checklist when you become aware that severe weather approaches, especially if a warning is issued vice a storm watch.

ACTION	TIME COMPLETED
All children and staff must return to the cafeteria immediately.	
Take attendance and ensure you know where everyone is.	
If time permits and it is warranted, relocate all children to the storage closet, if not shut all doors of the cafeteria.	
Ensure windows are covered if possible and necessary.	
Move children away from windows.	
Get out flashlights. Ideally, there is one for every staff member.	
Monitor weather warnings and information.	
Keep children occupied with other activities.	
If the storm occurs during pickup time, ask parents to be patient and wait out the storm.	
Once the emergency is over, reassure children, repeating as necessary.	
If needed to dismiss early begin to notify all parents by cell phone using the emergency contact form.	
Fill out Incident report using this checklist to detail what took place and when and in what order.

TORNADO CHECKLIST

Use this checklist when you become aware that a tornado approaches. NEVER go outside to check. If a tornado is close, you will hear it. It sounds like a huge powerful freight train where no freight train should be.

ACTION	TIME COMPLETED
All children and staff must return to the cafeteria immediately.	
Take attendance and ensure you know where everyone is.	
Take children into storage closet with TEAM emergency kit.	
Wait out the storm.	
If it feels like a direct hit, have kids kneel on floor face down and cover head and neck with hands.	
Once storm has passed, check outside the storage closet to assess damage in immediate area.	
If possible, return to the cafeteria and resume normal operations.	
If not possible, notify 911 as well as school emergency number.	
Begin to call parents by cell phone using emergency contact form and informing them of any special pickup instructions.	
Once the emergency is over, reassure children, repeating as necessary.

TOTAL EVACUATION CHECKLIST

Use this checklist when evacuation is called for such as a gas leak. Even if you are mistaken, it's good to have it checked out. Note that you don't place a phone call until you relocate. This is to prevent a cell phone from igniting gas if it is in the area.

ACTION	TIME COMPLETED
All children and staff must return to the cafeteria immediately.	
Take attendance and account for everyone, children and staff.	
Have children gather belongings and get TEAM's emergency kit.	
Ensure lights are turned off. Do NOT use any electronics at this time.	
Evacuate to the area designated by emergency responders or school officials, or use location 1, 2 or 3.	
Notify 911 and the school's emergency number of the problem.	
Wait for responders, and don't attempt to reenter the building.	
If given the all clear, reenter the cafeteria and resume normal operations.	
Begin to call parents by cell phone using emergency contact form, with instructions for safe pick up of their children.	
Once the emergency is over, reassure children repeatedly if necessary.	
Fill out Incident report using this checklist to detail what took place and when and in what order.

FIRE CHECKLIST

Use this checklist when you become aware of fire or hear the fire alarm.

ACTION	TIME COMPLETED
Take attendance and account for everyone, children and staff. Grab TEAM emergency kit.	
Gather everyone together immediately and leave building via front door of the cafeteria or using the fire evacuation plan, exhibit A.	
If you cannot leave via the cafeteria's front door, then go out one of the rear doors, left to the first exit to the outside, on your right., Crawl if there is a lot of smoke.	
Ensure lights are turned off. Do NOT use any electronics at this time.	
Evacuate to the area designated by emergency responders, location 1, 2 or 3.	
Notify 911 and the school's emergency number of the problem.	
If given the all clear, reenter the cafeteria and resume normal operations.	
If the building isn't deemed safe, notify parents by cell phone using emergency contact form, to come and get their kids.	
Once the emergency is over, reassure children, repeatedly if necessary.	
Fill out Incident report using this checklist to detail what took place and when and in what order.

FLOODING IN SCHOOL CHECKLIST

Use this checklist when there is water on the floor in the cafeteria's section of the building.

ACTION	TIME COMPLETED
All children and staff must return to the cafeteria immediately.	
Take attendance and account for everyone, children and staff.	
Notify the school's emergency number of the problem.	
Attempt to locate the source of the water and ascertain if you can safely stay in the cafeteria.	
If not, have children gather belongings and get TEAM's emergency kit.	
Ensure lights are turned off.	
Evacuate to designated area.	
Wait for responders, and don't attempt to reenter the building.	
If given the all clear, reenter the cafeteria and resume normal operations.	
If the building isn't deemed safe, notify parents by cell phone using emergency contact form, to come and get their children.	
Once the emergency is over, reassure children, repeating as necessary.
